

A213A99

Microwave Sensor Module

Key Parameters	
Operating Voltage	220~240VAC 50/60Hz
Housing Material	PC+Steel
Appearance Color	White
Stand-by Power	<0.5W
Load Ratings	400VA (capacitive) 800W (resistive)
Warming-up	20s
Detection Range	10m (diameter) × 6m (height)
Detection Angle	30° - 150°
Light Sensor	2/10/50 Lux (override)
Ingress Protection	IP20
Certifications	Semko / CB / CE / EMC / RED / RCM
